

Chudnow Druck Valuation is looking for Residential Appraiser Trainees to start immediately. The applicant does not necessarily need any appraisal education started, but the ultimate goal should be to become a licensed/certified appraiser.

A four year degree is required and previous real estate experience is preferred. Required skills include data research, professional writing, and proficient computer skills. The ideal candidate must have a positive attitude and the ability to meet deadlines.

Duties include but are not limited to: document set-up, research, data entry, review and assist with appraisal reports, and participate in property inspections.

Thank you,

Bill

William J Druck, Managing Director
